

SMARTPHONE AND TABLET FLASHING AND UNLOCKING COURSE

BASIC TO ADVANCE LEVEL TRAINING PROGRAM | DESIGNED BY MPRTS

OBJECTIVE

The objective of the course is to provide the requisite skills and knowledge to enable the student to get into a wide variety of jobs in the mobile phone industry or to start a mobile phone repair outlet.

SKILLS

Our training in mobile phone repairing is skill-oriented training. The classroom training also provides hands on practice. The right infrastructure is required to ensure that the students develop required skills.

PRE-REQUISITES

No previous experience required.

COURSE DURATION

ONE DAY • SATURDAY • 11AM TO 4PM

This training program required 4-5 hours to complete. Evening and week end classes can be delivered in a structured format in order to suit the needs of learners with busy lives.

FUNDING

DWP. LOW-VALUE PROVISION SCHEME • JOBCENTRE PLUS

MPRTS work with DWP as a training provider.

Our courses (Smartphones and PCs/MacBook's) can be funded by DWP through Job Centre Plus under Low-value Provision (LVP) scheme.

You can find us on training providers list as 'Electronics Training School Limited'. (Our D-U-N-S number is -221955830)
